Commencing July 1, 2005, the supervision, management, and control of the state prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Secretary of the CDCR.

PC Section 5058.3 authorizes the Director to adopt, amend, or repeal emergency regulations conducted pursuant to Government Code Section 11340.

- This action amends and adopts provisions governing the dental care services within the California Department of Corrections and Rehabilitation (Department). California Code of Regulations, Sections are being amended as a result of a Settlement Agreement, in the case of *Perez v. Tilton, et al.*, Case No. C05-5241 JSW, U.S. District Court Northern District of California. This Settlement Agreement is a result of a challenge regarding inmates within the Department not receiving constitutionally adequate dental care. The initial implementation, as ordered by Judge White, must begin immediately.
- Due to the serious dental care needs of inmates within the California Department of Corrections and Rehabilitation, and its inability to currently meet the immediate needs of the inmates, and pursuant to *Perez vs. Tilton*, it is necessary that these regulations be promulgated on an emergency basis.
- These regulations, pursuant to the Settlement Agreement, provide a level of dental care required under the Eighth Amendment. These regulations implement a new Dental Priority System and address the needs of patients in a timely manner ensuring appropriate dental care. These regulations establish a Dental Authorization Review (DAR) Committee as a subcommittee which works in conjunction with the Medical Authorization Review (MAR) Committee at each institution. The Health Care Review Committee reviews cases approved by the MAR and DAR committees. These committees are necessary and establish a central point of review and approval for medical and dental treatment.
- Health care responsibilities and limitations regarding emergency, urgent, interceptive and routine rehabilitative dental care are amended and made specific regarding the timeframe in which inmates are treated.
- In addition, changes for enhanced clarity, including department and divisional name changes due to the reorganization, numerical corrections, and changes in punctuation are also made to meet departmental standards.
